Weekends

Weekend Schedules vary from week to week. Some weekends may host a rental retreat, but most weekends include some sort of planned staff activity, along with free time to do shopping, call home or friends, and/or time to rest. A schedule for the coming weekend will be provided at the beginning of each week. Please plan to be flexible throughout each weekend.

On-site Staff Housing

Housing varies by campsite responsibility. Counselors are provided with bedding for the beds in their cabins. Program and Operation Staff (both 6 and 9 Week staff) should plan to bring either a sleeping bag or bedding for a twin bed and a pillow.

Camp Eden Communication Capabilities

Summary - Because of the demanding nature of camp ministry, there will be limited time for staff to communicate with friends and family during the week.

- **Cell Phone** - Most cell phone companies do not provide reception at Camp Eden. Obviously, you will get good reception when you are in Denver on the weekends.
- **Camp Phone** - The camp phone is used during camp weeks primarily for Camp Eden business purposes. It is best that you encourage your friends and family only to call you at Camp Eden in case of emergencies. On the weekends, the Camp Eden phone may be used for personal calls. Please use a phone card for all long distance calls.
- **E-mail** - Camp Eden has a dedicated e-mail computer with internet service. You will have limited opportunities to e-mail during camp weeks.
- **Letter** - Please have friends and family address personal mail as follows:
